

**CYSL NADO Select**  
**Financial Assistance Application**  
2010-2011 Season

CYSL recognizes that some players may be limited in their ability to meet the financial obligation required to participate in competitive soccer, and therefore has created a financial assistance program. This program was designed to provide a limited number of Select players (U11 and above only) an opportunity to offset their financial obligation by providing service to CYSL

Financial assistance recipients and/or their parents are required to work up to 30 hours in service to the club, depending on the level of financial assistance received. Service may be in the Tidelands snack bar during the season, field marshalling during tournaments, field set up / clean up, etc. **This service is a league requirement in exchange for Financial Assistance**, and is above and beyond any team requirements for all parents to work the snack bar and/or perform other volunteer functions or fundraising for your team.

**This program does not cover additional fees which a team may incur as participants of tournaments.**
